

## Building Construction

We make your homeowner's dream come true. At DEFObonn no two ground plans are the same. DEFObonn treats every project individually by paying careful attention to your wishes and needs and always letting you apply your own personal touch to the planning of your dream home. Hand in hand with our accomplished architects, and in line with your requests and demands, we work to develop the tailored solution for your home. Your advantages:

- Realization of your individual wishes and requirements
- Freedom in structural decisions
- Individual solutions for individuals
- Status analysis
- Concept planning
- Execution planning
- Project outline
- Construction supervision
- Inspection
